MEMORANDUM FOR: Deputy to the DCI for Resource Management
FROM: Director of Central Intelligence
SUBJECT: National/Tactical Interface

1. In line with discussions on the National/Tactical Interface, I wonder if we shouldn't take a couple of examples and make a list of the systems that are in competition with each other and draw a line between those that are in [] and those that are in the national program. This may be obvious to most people; it isn't really to me. I propose two to start with:

2. Perhaps from this we could deduce where the "competition" is stiffest and hence which borderline systems best belonged.
